HJW38 OPALA PENDANT MINI

The HJW38 Opala Pendant Mini was designed by Hans J. Wegner in 1973 as a part of larger lighting series designed for Hotel Scandinavia in Copenhagen. The Opala Lighting series presents a distinctive, almost futuristic expression. Opala pendant features an opal acrylic shade with a painted aluminium top, radiating a pleasant light, while softly illuminating the surrounding space through the white shade. The pendant comes with a standard ceiling canopy and a fabric wire.
